

Welcome to your piano lessons course!

Why learn to play the piano? Everyone has a piano and you can pick one up nearly free! Plus, what about playing for church or just enjoyment. After a year of lessons, you will be able to play simple songs and read music. The lessons are designed for quick progression and build upon each other.

Why take this membership course? Piano lessons can cost you \$40 or more a month. That's 500.00 a year! This membership is a one -time fee of 140.00 and you are guaranteed at least one lesson a week for 48 weeks. Go faster if you wish, but not faster than your instructor! I stay at least a month ahead of you.

Here is a list of resources you will need to help you start. Your membership page will also provide a lesson journal and other downloads used as you accomplish the video lessons. If you don't read music, no worries! You will learn the necessary theory to become a pianist. This course is recommended for teenagers and above because it requires self-discipline. Each lesson requests a task to practice.

Do you have a piano? Check out Facebook groups or craigslist and solicit friends/family to help you move the piano in. Also, ask around. There are so many pianos out there that need to be used. Get your piano tuned or by a digital piano/keyboard.

Lesson books? Please order the following to start and either bring a notebook to each lesson or print the pdf lesson book provided with your membership.
